very little part of the portfolio into options we were/are safe from big NAVPU drops. Risk management plays a significant role in our investment policy. We believe that even with wrong investment decisions in the short term, an investor can be successful in the long term if he or she pays enough attention to risk management. The capital protection of the Fund means that we should pay extra attention to risks. Our main investment goal is to reach a good profit (a profit which is higher than the yield of the time deposits or t-bills) at a very low risk level.
