| Net Asset Value of HUF series: | 413,642,185 HUF |
| Net Asset Value per unit: | 1.257042 HUF |

INVESTMENT POLICY OF THE FUND:

The Polish Bond Fund has been started (previously called AEGON EMMA) with the investment aim to give investors' the opportunity to invest primary into the Polish government bond market. By choosing a security one of the important factors is that the security should be liquid. Thanks to the professional diversification and the active portfolio management the Polish Bond Fund provides its investors with a low-medium risk - pared with stable yield investment alternative. The investment possibilities of the Fund are very wide, so the portfolio manager has a widespread financial leeway to build up an optimal portfolio. We target the utmost yield by taking the lowest risk. By taking investment decisions we use fundamental and technical analysis, and we certainly keep an eye on the market sentiment as well. Our investment decisions are supported by a special investment-planning model, which is filled up with all the important macroeconomical data and indicators, like the anticipated level of inflation in Poland, GDP growth, it's credit ratings and so on. The portfolio manager generates a so-called risk - yield map, by focusing on the anticipated macroeconomic environment, the anticipated yield curve, and the above-mentioned model. When the map is ready, those risk-yield pairs will be chosen out which are considered to be safe and offer relative high yield at the same time. The Fund's benchmark consists of 100% Treasury BondSpot Poland Index.

MARKET SUMMARY:

Another strong month for Polish government bonds in October on the back of weaker economic data signalling monetary easing in the near future. The global environment was supportive of higher yielding instrument, including emerging markets. Yields on government bonds edged lower and spreads between bond yields and interbank rates tightened further, evidence of strong inflows and a very favourable technical (demand-supply) backdrop.

ASSET ALLOCATION OF THE FUND ON 10/31/2012
