INVESTMENT POLICY OF THE FUND:					Assets with over 10% weight						
The aim of the fund is to function as a stable, low-risk investment vehicle, but to offer investors better returns than the performance											
of the current benchmark index. The fund is a standard variable net asset value money market fund. The portfolio elements are					Bonds by te						
selected in accordance with these and the Money Market Funds' principles. The portfolio elements are selected in accordance with the chara matrice of principles and based on the EU wide resultation on matrix funds. To ensure liquidity the fund											
with the above mentioned principles and based on the EU wide regulation on money market funds. To ensure liquidity the fund											
manager primarily aims to hold government bonds and discount treasury bills issued by the Polish Debt Management Agency, and											
short-term instruments (e.g. deposits, repos) available on the interbank market. The fund is allowed to invest in securities issued or guaranteed by any EU member state, and in money market instruments issued or guaranteed by a supranational institution											
guaranteed by any EU member state, and in money market instruments issued or guaranteed by a supranational institution established in the EU in accordance with the Money Market Funds Regulation. The fund is only allowed to invest in debt							. [
securities, which are classified as investment grade on average by the external credit rating agencies. In addition, some financial						- 1 year 100%	0				
assets, which are particularly adressed by the EU wide money market regulation, shall have a favourable assessment based on											
the internal credit quality assessment procedure. The fund may also hold investment units or shares within the framework of the											
Money Market Funds Regulation. The Fund invests at least 50% of its assets in PLN denominated assets (money market											
	Polish state; deposits; cash), also fulfilling t										
	have a weighted average maturity no more th										
more than 12 months. Moreover, the Fund shall also be allowed to invest in money market instruments with a residual maturity						PERFORMAN	CE OF THE SE	RIES:			
until the legal redemption date of less than or equal to 2 years, provided that the time remaining until the next interest rate reset					Interval				Vi	eld of note	
date is less than or equal to 397 days. The fund may hold a limited proportion of foreign-currency instruments in its portfolio, but					From start				ΥI	1.16 %	
only subject to the full hedging of currency risk (the difference between the currency risk exposure of the derivative instrument and											
the hedged instrument can be maximum 5%). Aegon Polish Moneymarket Fund is not a guaranteed investment. The risk of loss of the principal is to be borne by the investor. An investment in Aegon Polish Moneymarket Fund is different from an investment in					2019					0.57 %	
deposits, with particular reference to the risk that the principal invested in Aegon Polish Moneymarket Fund is different from an investment in deposits, with particular reference to the risk that the principal invested in Aegon Polish Moneymarket Fund is capable of					2018					0.78 %	
fluctuation. Aegon Polish Moneymarket Fund does not rely on external support for guaranteeing the liquidity of the fund or					2017					0.92 %	
stabilising the NAV per unit or share.					2016					0.79 %
